

## Summary of Accessible ACP Project Tools and Resources Developed for: Provincial Hospice Palliative Care Associations

Updated: December 19, 2024

### ACP Canada Website

The new [ACP website](#) has been released with newly developed ACP Canada branding. The site was reorganized to minimize the number of clicks required to access any of the information or resources.

### My ACP Guide

The [My ACP Guide](#) replaces the ACP workbook. It is for people across Canada, of all abilities, designed with larger font, more white space and the addition of stories to help bring ACP to life.

### My ACP Mini-Guide

Not everyone needs a full guide to advance care planning. For those who want to review or make quick updates to their plan, we developed the [My ACP Mini Guide](#).

### Updated Regional Summaries

To help individuals access information specific to their province or territory, we have updated regional summaries that were originally developed as part of the Living Well Planning Well resources. The summaries have been reviewed by a lawyer.

For professionals, facilitators, and community educators, individuals who want to complete the activities on their own, and anyone guiding others through the advance care planning process, the [ACP Guide Activity Bundle](#) provides a dynamic way to introduce advance care planning to others.

### My ACP Record Booklet

The [My ACP Record Booklet](#) helps individuals record and share their healthcare wishes with loved ones, Decision Maker(s), and healthcare providers.
